-- SEE OFFICE ACTION ON THE FOLLOWING PAGES --

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 1-6, 23-27 stand withdrawn from further consideration pursuant to 37 CFR 1.142(b), as being drawn to a nonelected invention and species, there being no allowable generic or linking claim. Applicant timely traversed the restriction (election) requirement in Paper No. 3.

This application contains claims 1-6, 23-27 is drawn to an invention nonelected with traverse in Paper No. 3. A complete reply to the final rejection must include cancellation of nonelected claims or other appropriate action (37 CFR 1.144) See MPEP § 821.01.

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).

Claim 7 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

“Having a propensity –” is not definitive it is not at all evident how one would identify or determine this propensity – this is a descriptive element given no patentable weight as to defining the meets and bounds of the claimed concentrate or solution.

Note also, no carrier or vehicle is identified for the solution, as only a, b, c, d, e are specified.

Claims 7, 9 – 19, 22 are rejected under 35 U.S.C. 102(b) as being anticipated by WO 99/18782.

The rejection of record is maintained.

Jon also uses molecular *Sieves* containing the oxides inclusive of instant 18, 19.

Applicant's arguments filed on 7/1/03 have been fully considered but they are not persuasive. Applicant's arguments are curving any to the extent resulting in withdrawn of rejection under Jon. Claims 18, 19 are now considered.

Claims 8, 20, 21 and 28-30 now would be allowable if written in independent form.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of

the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
